EXCELLENCE BUILT
PIECE BY PIECE

ANIMAL NUTRITION MACHINERY

Since 2009, **L5** has been developing and delivering complete solutions for feed and mineral supplement production.

We combine **specialized engineering, modern infrastructure, and high-performance software** to ensure process accuracy, operational stability, and high productivity.

We design, install, and monitor every stage of the operation, providing continuous technical support to ensure each system operates safely, efficiently, and reliably.

TECHNOLOGY THAT DRIVES THE FUTURE

In animal nutrition, efficiency means **results**. That's why we develop integrated industrial systems that increase production predictability, reduce losses, and ensure full control and safety at every stage of the process.

FOR EVERY CHALLENGE, AN L5 SOLUTION.

Industrial solutions for stable and continuous production

Handling and Storage

- Flow diverters
- Hoppers
- Panelock Silos
- Self-cleaning silos

Transport

- Bucket elevators and Skipper
- Drag conveyors and screw conveyors

Dosing

- Scales
- Dosing systems
- Micro- and nano-dosing units

Processing

- Hammer mills
- Rotary and vibrating screens

Mixing and Homogenization

- Helical mixers and paddle mixers
- Homogenizers

Dispatch

- Bagging machines
- Slide gates
- Robotic hoppers

MADE BY PEOPLE DRIVEN BY INNOVATION

L5 works side by side with its clients at every stage of the operation

MARKETS SERVED:

Poultry

Aquaculture

Swine

Pet Nutrition

Cattle

Mineral Supplementation

Technical Assistance

Continuous support for stable operations

Mechanical Assembly

Precise, high-performance installation

Spare Parts

Original components with fast delivery

Operational Startup

Safe system configuration and production startup

Team Training

Direct training for client staff, ensuring safe, agile, and efficient operations

Customized Projects

Tailor-made solutions for greater efficiency and process integration

WHERE PRODUCTION HAPPENS, WE ARE THERE.

Headquarters - Pará de Minas / MG

Sidmar Almeida Mendonça Street, 489 • Belvedere • ZIP Code 35661-612

Assembly Unit 1

Araxá Street, 774 • Dom Bosco • ZIP Code 35661-217

Assembly Unit 2

Antônio Júlio de Melo Mendes Street, 41 • Belvedere • ZIP Code 35661-303
